How to create Your Bluesky 14 Day Wear Gel Polish

PLEASE NOTE: We view all these items as essential to create your Bluesky Shellac style 14 day wear gel polish manicure. Skipping any of these products/steps could affect the longevity and final result of the manicure.

FOR PREPARATION:

Nail File, Nail Clippers/Scissors, Nail Buffer, Cuticle Pusher, Nail Fresh (Nail primer/dehydrator), Cuticle Removal Serum, Warm water and a towel.

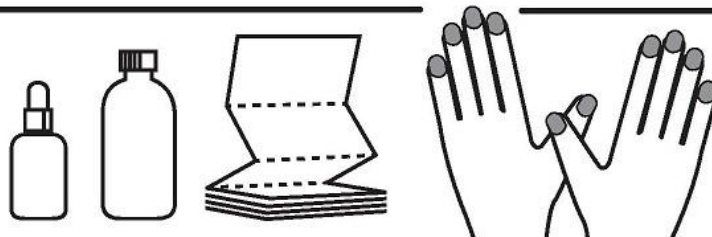

FOR APPLICATION:

A 36W UV Lamp or 12W LED lamp, Bluesky Gel Polish Top Coat, Base Coat and the colour(s) of your choosing.

FINISHING:

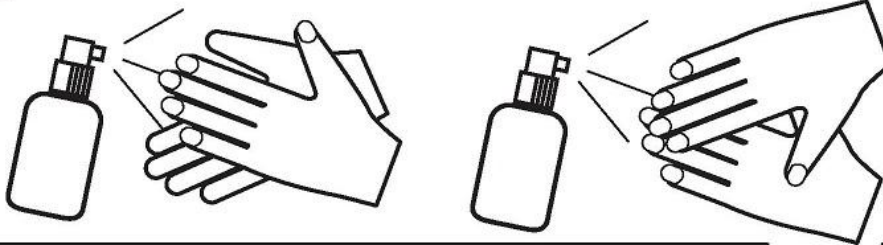

Gel Wipe Solution,
Cuticle Oil,
Lint Free Pads

Order online: www.shellacnails.eu Tel: +353 (0)76 6801 255

STAGE ONE - PREPARATION:

- 1** Cleanse hands and nails thoroughly using Nail Fresh Cleanser & Dehydrator spray

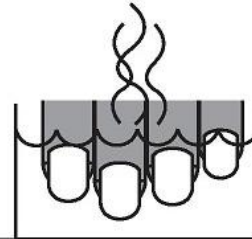

- 2** Trim nail

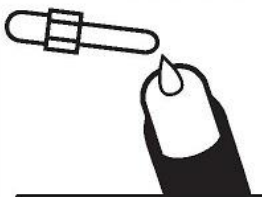

- 3** File and shape the nail
Clean under the nail

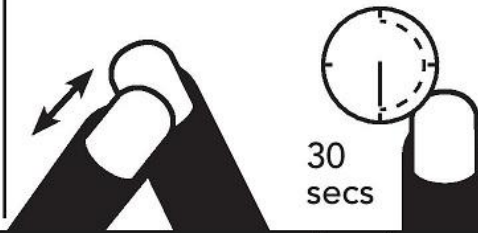

- 4** Soak fingers in warm water

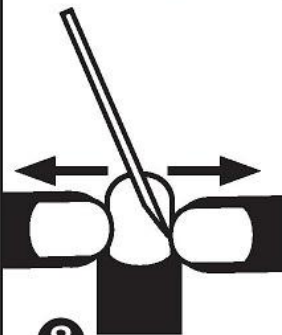

- 5** Apply a small amount of cuticle removal serum

- 6** Massage into each nail and leave for 30 seconds.

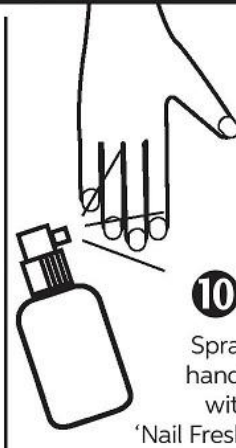

- 7** Remove cuticles from the nail plate

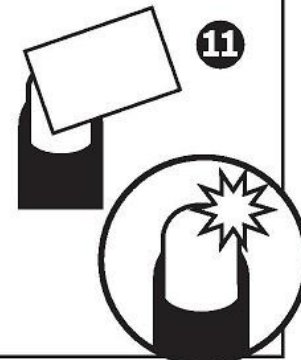

- 8** Remove any remaining cuticle

- 9** Use Buffer block to gently take shine from the nail plate

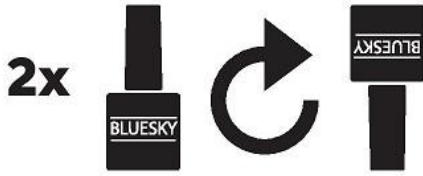

- Use a lint free pad to wipe the nail until it is squeaky clean

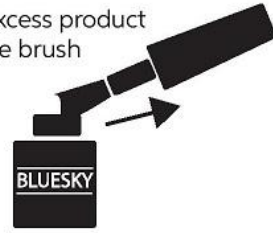

STAGE TWO APPLICATION FOR BLUESKY BASE COAT, COLOUR COAT AND TOP COAT

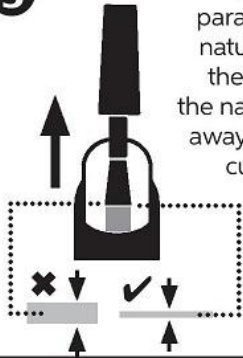

1 Blend the Bluesky UV nail gel

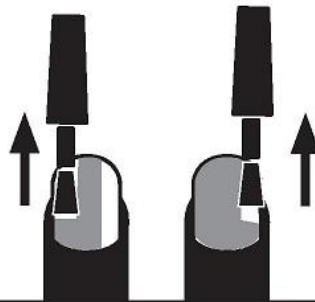

2 Wipe excess product from the brush

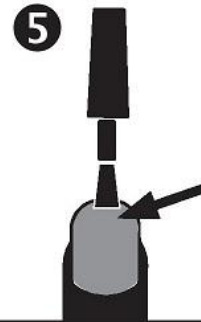

3 Apply gel parallel to the natural nail in the centre of the nail, slightly away from the cuticle line.

4 Repeat to each side of nail

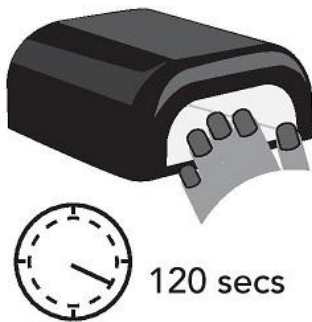

5 Cover the tip to ensure long wear

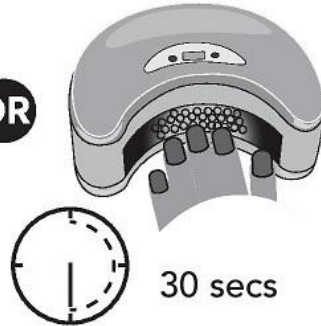

6 UV = 120 seconds

LED = 30seconds

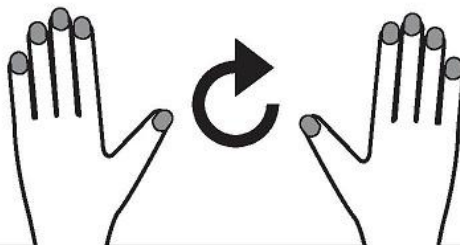

OR

STAGE TWO =

7 Repeat for other hand

STAGE THREE FINISHING YOUR BLUESKY MANICURE

1 Remove sticky residue

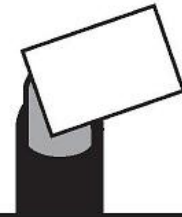

Soak a lint free pad with 'Gel Wipe' solution

2

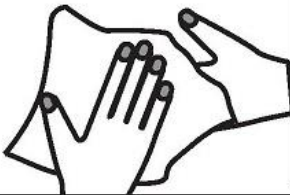

3

Wipe each nail well to remove the layer.

4 Dry hands

5

Apply cuticle oil to each nail

6 Massage in

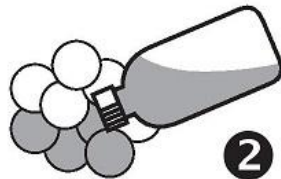

REMOVING YOUR BLUESKY 14 DAY WEAR GEL POLISH

1 Lightly buff each nail

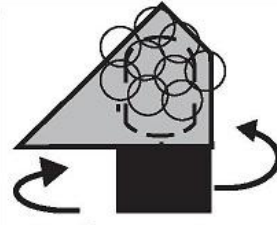

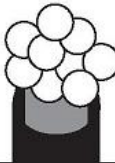

Saturate a small amount of cotton wool with pure acetone

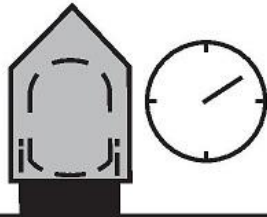

3

Place cotton over the nail

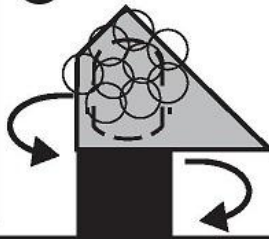

4 Secure cotton by wrapping nail tightly in foil

5 Leave nails covered for at least 10 mins

6 Unwrap nail

7 The product should now have come away from the nail plate

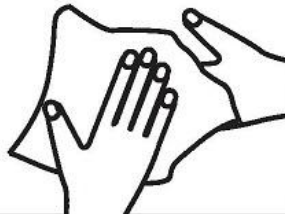

Remove any remaining product

8

9 Wash hands and dry hands

10

Apply a small drop of cuticle oil to each nail
